

Clean Cities Coachella Valley Region

Statement of Intent

Clean Cities Coachella Valley Region (C3VR) leads a local geographically-based coalition composed of local fleets, fuel providers, and policymakers that focus on two united goals: petroleum and greenhouse gas reduction.

C3VR aims to advance alternative fuels and advanced technologies in the transportation sector, put alternative fuel and advanced vehicle technologies to work to improve fuel economy and reduce unnecessary petroleum based fuel consumption, create green economy jobs in the United States, and improve local air quality and health by curbing global climate change.

Upon receipt of this 'Statement of Intent', C3VR will contact your organization to discuss potential membership.

Please complete 'Statement of Intent' and mail to:
